Be the next **BIG THING.**

The High-Signal Validation Pipeline

1. Structured Submission

AI refines, deduplicates, and prepares your raw concept.

2. AI Stress-Test

Rigorous analysis for market flaws and feasibility flaws.

3. Expert Quality Gate

Strongest ideas routed to industry pros for rapid review.

4. The Vett Signal

Receive credible judgment on risks, scope, and go/no-go confidence.

Building the next breakthrough? Vett it before you build.
